EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Doug Holtz on 26 September 2007.

The application has been amended as follows: Claim 19 has been amended to read

“... generating data representing a multi-image consisting of images intervening between the image being displayed and the image whose serial number differs by the predetermined number, when the image display unit is instructed to display the image whose serial number differs; and ...”

The preamble to claims 20 and 21 have been amended to read:

“A ~~recording~~ computer-readable medium storing ...”

2. The following is an examiner's statement of reasons for allowance:

With regard to claims 1, 9, and 17-20 Sato (US Patent 7,196,727) discloses displaying an image as well as previous images that have been taken FIG. 4 however there is no disclosure of displaying one image and then instructing the unit to display another image a predetermined number different than the current image and then displaying the intervening images in response to that command. There is nothing in the prior art that discloses nor makes obvious the ability to display one image and then instruct the unit to display another image a predetermined number

Art Unit: 2622

different than the current image and then display the intervening images in response to that command.

All remaining claims are dependant from the above claims and are therefore likewise rejected.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Adam L. Henderson whose telephone number is 571-272-8619. The examiner can normally be reached on Monday-Friday, 7am to 3:30pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Ngoc-Yen Vu can be reached on 571-272-7320. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
